OVERVIEW

Drawing on his unique professional background, Schuyler meets his clients where they are and brings a thoughtful, detail-oriented approach to resolving their litigation matters. Whether representing a small business, a large corporation, or a public entity, Schuyler's primary focus is helping his clients achieve their goals.

Schuyler graduated, cum laude, from the University of Minnesota Law School, where he served as editor of the *Minnesota Journal of Law, Science & Technology*. Prior to joining Greene Espel, Schuyler clerked for The Honorable Laura M. Provinzino of the U.S. District Court for the District of Minnesota. He was previously an attorney at Fredrikson & Byron, where he primarily focused on complex intellectual property disputes.

Before law school, Schuyler worked as an IT engineer at Target Corporation, where he was responsible for designing IT infrastructure systems, deploying and maintaining enterprise software, and developing and implementing network security solutions. He later joined the faculty at Cristo Rey Jesuit High School, where he taught computer science, algebra, and physics and coached the school's FIRST Robotics team. Schuyler currently serves as the Board Chair for GMCC, a nonprofit organization that serves the community through food-security initiatives, youth educational programs, and health and well-being services. He brings all this practical experience to bear in his work with clients.
