OVERVIEW

Hattie Anderson is a Paralegal at Greene Espel. She supports clients and attorneys across a broad range of litigation matters and investigations.

Hattie uses her strong communication and analytical skills to provide support in document review and collection, discovery, preparation of witness interviews, drafting pleadings, factual investigation, and legal research, throughout the litigation process. Previously a paralegal in the Ramsey County Attorney's Office, Civil Division, Hattie has a particular experience in labor and employment matters and government enforcement actions.

A dedicated community member, Hattie is passionate about using her skills in service of raising awareness to the issue of unhoused women and children fleeing domestic violence. Hattie is also committed to the diversity, equity, and inclusion of legal professionals, specifically paralegals, and is a strong advocate for women minorities in the legal field.
